**GLENN J. DONOVAN**  
(QUEEN'S B.A. '86,  
B.ED. '91)

From 1983 to 1987, I played the bagpipes with the Queen's University Bands, proudly serving as Pipe Major for one season. Those years were filled with unforgettable memories and friendships. I still remember the excitement of following the football team through two Vanier Cup championships in addition to marching down the streets of Manhattan in the annual Macy's Thanksgiving Day parade. The music, the travel and the friendships forged in tartan and tradition left a lasting mark. Almost four decades later, I still enjoy playing in both military and contest pipe bands - both here and in Scotland.

Even though many years have past since I was a member of the Queen's University Bands, the sound of the pipes still stirs memories performing at the pre-game and half-time shows, the late nights of marching practice at Richardson stadium, the many spirited parades, and the joy of representing Queen's with pride.

Now a retired secondary school music teacher, Glenn continues to support the Queen's community as a Booster Club Representative on the Queen's University Alumni Assembly, and as a member of the QUAA Board's Alumni Engagement Committee. His past service includes participation on the Senate Orientation Review Committee.
